The Management Board of Synektik SA (hereinafter: Company) reports that the Company has entered into significant agreements with the University Clinical Center in Gdańsk with its registered office at ul. Dębinki 7, 80-952 Gdańsk (hereinafter: Hospital).

These agreements pertain to the lease of a da Vinci robotic surgery system along with its outfitting, supply, assembly, installation and commissioning for the Hospital along with supplies of instruments and accessories, staff training and maintenance care as part of the 24-month lease.

These agreements were concluded as a result of the public tender proceeding conducted in the form of an unlimited tender for the total maximum net amount of PLN 8,695,331.76. The da Vinci system delivery will take place within a term of up to 2 months from the date of concluding the agreement. The warranty period for system delivery is 24 months from signing the final acceptance report. The other clauses of the agreement do not deviate from the standards generally used in contracts of this type.

The signing of these agreements has been deemed to be significant by the Management Board of Synektik SA since their total maximum net value exceeds 5% of the equity of the Synektik Group disclosed in the last periodic report, meaning that it surpasses the level prescribed internally in the Company in its individual reporting standards. The revenue generated on executing the system delivery will affect the sales results in the 2023-2025 financial years.
